MISCELLANEOUS DEPARTMENTS

OFFICE OF THE CHIEF ELECTRICAL ENGINEER IN MYSORE, BANGALORE.

SALE OF LEAD SCRAP.

Abstract Notification dated 25th October 1935.

Attention of the public is drawn to detailed notification relating to the sale of about 7 tons of Lead Scrap at the Mysore Power and Lighting Stores, Mysore, published in the *Mysore Gazette*, dated 31st October 1935, pages 2004, Part VI, for information.

The tenders are due to the office of the undersigned up to 2 P.M. on the 18th November 1935, with an earnest money of Rs. 100.

Notice dated 5th November 1935.

1. Sealed Tenders will be received at the Office of the Chief Electrical Engineer, Bangalore, and the same should be superscribed with name of the work given below.
2. The plans, detailed estimates and conditions may be obtained at the Office of the undersigned at all working hours.
3. The tenders should be in the form of a statement as given below showing rates in figures and in words, at which the different items specified will be executed.
4. The tenders may be rejected or accepted in full or in part without any reasons being assigned therefor.
5. The name of the successful tenderer will be posted on the Notice Board in the Office of the Chief Electrical Engineer, Bangalore, no enquiries regarding the acceptance or rejection of a tender will receive any reply. The earnest money of rejected tenders will be returned.
6. Within three days of the acceptance of the tender, the successful tenderer will be required to execute the usual contract bond failing which his tender will be considered cancelled and the earnest money will be forfeited.
7. The materials to be used should be of the best English or American make and conform to the requirements of the Departmental rules and specifications. Samples should be sent with tenders. When the samples are sent mention should be made of Manufacturers or Makers Catalogue.

8. Name of work :—Installing electric lights, wall plugs and ceiling fans to District Board Buildings, Kempe Gowda Road, Bangalore City.
9. Last date and time of receiving tender 30th November 1935 (2 P.M.)
10. Time and date of opening of tenders in public 30th November 1935.
11. Earnest money required with tender Rs. 125.
12. Time for completing the work from date of accepting the tender 4 weeks.
13. Details of the work to be executed as per specification enclosed herein.

Tender for installing electric lights, wall plugs and ceiling fans to the District Board Buildings (under construction) Kempe Gowda Road, Bangalore City.

Sl. No.	Particulars	Quantity	
1	Supplying and laying No.6 B. & S. underground cable twin conductor, lead shethed, jute served, steel armoured, cambric insulated for 600-V. pressure 2,500 M.G. 3′ below the ground level covered with river sand all round with necessary in-door and out-door type cable junction boxes, bends, etc., complete	R.ft.	100
2	Supplying and fixing :—		
	(*a*) one teakwood board $2\frac{1}{2}' \times 1\frac{1}{2}' \times 4''$ mounted with one of 50 amp. D.P. Iron clad switch with fuses for main control and 4 of 10 to 15 amps. D.P. Iron clad-switches for fuses for circuits mounted and wired complete	No.	1
	(*b*) Do a T.W. meter board $1\frac{1}{4}' \times 1\frac{1}{4}' \times 3''$ mounted with 4 of 10 to 15 amps. D.P. Iron clad switches with fuses for circuits	,,	1
3	Supplying and running in 1″ W.I. Pipe embedded using No. 6 B. & S. stranded insulated wire for 600-V. Pressure 2,500 M.G. from the junction box as far as the meter board with necessary bends complete with clamps	R.ft.	30
4	Supplying and wiring using 14 B. & S. twin conductor lead covered cable E.C. for 600-V. pressure with necessary continuity junction boxes clips, etc., complete for lighting outlets	No.	75
5	Do for controlling switches with 5 amp. bakalite, cream tumbler switches	,,	75
6	Do for wall plugs with 5 amp. switch combined face entry cream coloured wall plugs	,,	20
7	Supplying and wiring using No. 14 B. & S. twin conductor lead covered cable E.C. for ceiling fan and wall type regulator complete	,,	4
8	Supplying and fixing :—		
	(*a*) 12″ Trojan fitting or Britallax fitting or low absorption fitting with 3″ of O.C. chain B.C. Lamp holder, glassware, canopy, etc., complete	,,	14
	(*b*) $\frac{5}{8}$″ Rigid steel pendant silverlac 4′ long with heavy guage, brass back plate 3″, B.C. lampholder, etc., complete	,,	32
